

Deloitte is one of the global leading companies providing assurance and advisory services. Our national offices offer services to multi-national and large organisations, public institutions but also to small, fast-growing companies. Thanks to a strong regional presence and our multi-disciplinary approach, we are ideally placed to meet the requirements of a whole range of small and large companies.

Within our **Audit and Enterprise Risk Services** practice in **Brussels**, we are currently looking for a (m/f):

IT Auditor

Our **Audit and Enterprise Risk Services** practice provides comprehensive audit and risk-related services.

We seek a team player with excellent professional potential and skills for the role of IT Auditor. He/she will be involved in review of the information technology processes and general computer controls that support numerous systems, platforms, applications at our clients.

Your job

Work together with the audit teams and the business and IT personnel of our clients in key industries such as financial services, telecommunications, manufacturing/industrial products, pharmaceutical, consumer products, media and entertainment.

Review and assess the nature and adequacy of IT processes and controls, in line with internationally accepted standards and frameworks (e.g. COBIT® 4.1, COBIT® 5, ITIL, ISO 2700X). Summarise and analyse results of the tests and assess the involved risks. Provide recommendations for improvements.

Utilize technology and tools to continually learn and innovate, share knowledge with team members. Understand Deloitte and its service lines and be able to present them to clients and other professionals.

Your profile

- A Bachelor or Master's degree in finance, business, IT or a related field;
- Between 2 to 6 years of related work experience;
- Additional technical certifications or other relevant training are a plus;
- ISACA membership and certifications are a plus;
- Good analytical, interpersonal and communication skills;
- Interest for own professional development in the complex field of the IT audit;
- Successful candidates must be available to travel as needed within Belgium;
- English/French and/or English/Dutch language skills are preferred.

We offer

- An interesting job with continuous client contacts and excellent opportunities to learn;
- A working environment with a good team spirit where personal development and growth are encouraged;
- An attractive and competitive salary with fringe benefits;
- Real career opportunities.
